

Brandon Cooper

Columbia, SC | XXX-XXX-XXXX
cooperbz@sc.edu

Education

University of South Carolina - Columbia

Columbia , SC
Bachelor of Computer Science in 2029
GPA: n/a

Relevant Experience

Garnet Station - Columbia , SC

October 2025- Ongoing

- Worked well as a team with fellow employers to provide good service
- Adapted to changes and solved problems quickly when challenges came up
- Managing multiple tasks and customer needs at once

Coursework/Projects

- **Rock Paper Scissors Game** - Algorithmic Design I

Created a rock , paper , scissors shoot game where the player can compete against the computer in a best out of three game format. Used **while loops**, **if /else statements** and the **random class** to control the flow of the game and outcomes.

- **Escape the Island** - Algorithmic Design I

Created a text based decision game called “ **Escape the Island**. ”
Uses of **if/ else statements** and the **string.equals method** to let players make choices that led to multiple story paths and unique endings .
